

HOCKEY 3-STRIKE SURVIVOR POOL RULES

- 1 **Entry fee** \$20 per player per entry payable with or before submitting the first week's picks.
No more than 2 entries per person.
 - 2 **Picking games** Pick 1 team in 1 game only each week to win outright
You can choose any unused team that is playing that week
You can only use a team once in the pool - no repeats.
Win includes regulation, overtime and shootouts
A tie (if even possible) is a loss.
Back up picks not required unless it becomes necessary again.
 - 3 **No repeat teams** You can pick a team ONLY ONCE during the pool.
If back ups are required, you should be careful that it is not a team you may have used.
 - 4 **3 strikes** In this pool you get 3 strikes
You can be wrong twice (2 strikes) before you are out of the pool.
On the 3rd strike you are eliminated.
 - 5 **Submitting picks** Teams frequently play more than once in a week so you must be specific when submitting picks.
Show the team selected as well as the opponent & exact date
eg - Tor (vs Bos jan 15) eg - NJ - at Chi oct 20
Also include the **week number** somewhere in your email.
If your email is unclear to me then you will be given the first game for which that team is listed that week
If you miss putting in a pick by the deadline then you will get a strike.
If you pick a team you have already selected then you will be incorrect (a strike)
Any pick can be changed or corrected by re-submitting an acceptable pick before the deadline
Each entrants' picks will be shown on the Picks Sheet through a link on the webpage.
 - 6 **Deadlines** Weekly deadline means in my email in box by 7 pm Eastern time each Monday for all weeks of the schedule, except as noted below.
The deadline day could change if there are no Monday games.
There are 4 weeks that have earlier or late afternoon start times for the first game.
If you are picking from those early games then the pick must be in my email in box prior to the start time of the selected game - no later.
Otherwise the 7 pm deadline will apply.
Early & regular start times, days & deadlines will always be noted in my weekly updates & on the webpage.
 - 7 **Schedule** The Pool Schedule is broken down by weeks and shows visitor & home team
For this pool a week starts Monday & ends the following Sunday
There could be exceptions to this due to holidays, start of the season, all star or olympic break, etc.
There is a link to our schedule on the webpage but you can get the schedule at any number of websites.
 - 8 **Standings** A summary of the standings will be in my weekly update email.
There is a link to the full standings & selected teams on the webpage
It will show correct & incorrect games and eliminated entries
 - 9 **My picks** My weekly pick will be posted on the webpage by the deadline each week
 - 10 **Prizes** Total pot & prizes depends on total number of entries.
There will be at least 3 final prizes - 1st approx 60%, 2nd approx 25% & 3rd approx 15% - amounts rounded by me
Prizes awarded to the last 3 standing plus ties with the same strike status.
 - 11 **End of pool** The pool ends when there is only 1 player remaining or at the end of the regular season
If the regular season ends with multiple players remaining then the top 3 & ties will get paid
If postponements become a major issue we could also choose to end the pool
 - 12 **Split pot** This pool does not have any equal splits unless entries go out at the same time as above.
 - 13 **Input errors** Players should check their picks against the weekly pick sheet or summary links posted on the webpage and notify me if there are any inputting errors on my part. I only keep emails and written picks for just over 1 week and then they may be discarded, so any inputting errors cannot be corrected after that time.
 - 14 **Webpage** <https://www.footballnazi.com/>
Pool standings, weekly picks & other info will be available each week, usually by Tuesday.
My weekly picks will also be posted on the webpage.
 - 15 **Weekly update.** In addition to the webpage I will usually send out a weekly email with standings & eliminated entries
 - 16 **Pool names** You can use a pool name other than your real name.
Your pool name & real name must be included with your picks each week.
If you are unable to do this please don't bother with a pool name.
- email address** jlato@rogers.com
